Intermediate: Database.

EXPERIENCE

Senior Web Developer, Pena-Tech IT Services

2019- 2022

- At Pena-Tech IT services I developed fully responsive websites that are now fully hosted and functional.
- I was also in charge of debugging WordPress websites from which I gained vast knowledge about how WordPress works.
- This was a part-time job that I did during my stay at the campus since I still had classes to attend, coursework & tests.

IT Manager, TSB Internet Café

2020 - 2022

- At TSB I was in charge of the smooth running of the café, making sure the network is up & running & repairing/maintaining hardware.
- Here, I worked full-time as the university policy had changed to conducting online lectures as a result of the Covid-19 pandemic. I was not required to be physically in class anymore.

EDUCATION

Bachelor's Degree, Computer Science

October/2022

Ndejje University

CERTIFICATES
